MEMORANDUM FOR: Admiral Daniel J. Murphy, USN (Ret.)
Director of Policy Review
Office of the Secretary of Defense

SUBJECT: National/Tactical Interface

1. We've had a lot of conversation about national/tactical interface, joint funding, operational and technical intelligence. Our latest was the discussion of the last two items at the NFIB last week. In it, DoD took the position that it was impossible to separate those two.

2. Attached is a point paper I asked [redacted] to provide me on the advantages of [redacted]. I find none of these that appear to me to be any more tactically oriented than nationally oriented. I assume you concur. This year it is just as difficult to segregate operational and technical intelligence.
